# CHAMBER SEES

Directors Will Ask Martin and Swanson to Oppose Anti-Option Measure.

Directors of the Chamber of Commerce will hold a meeting at 10:30 o'clock this morning to pass resolutions on to oppose the Scott anti-option bill when it comes up in the Senate for passage. The measure has already passed the House, and business people believe that it will be a serious mence to the South if it should be enacted.

The bill is intended to prohibit the dealing in cotton futures. It does not include foodstuffs. If passed it will force merchants who buy cotton from farmers to accept the South's great crop at the risk of shancial ruin, and will leave cotton mills unprotected, as they will not be permitted to "hedge" for their protection. When a merchant or manufacturer buys a thousand bales of cotton, for instance, at today's figures, he is forced to protect limself in the future market against possible loss by a decline in quotations.

Thousands of Southern people who buy the raw product protect themselves with options, and the business people contend that to deprive them of that right would bring on a condition more serious than a panic. The merchants and manufacturers have never been accused, as a whole, of speculating, the option plan being accepted as a legitimate business transaction.

Favor Removal.

The people of Matoaca and Bermuda Districts, in Chesterfield are said to be almost solidly in favor of the removal of the county seat to Chester, on account of convenience and easy access to that place.

Falled to Elect.

A joint meeting of the two branches of the City Council was held this afternoon to fill vacancies on the Police Board and School Board. The meeting, however, without action, adjourned over until next Thursday. This was done in order to ascertain whether a person whom it was desired to place in nomination for the Police Board was eligible because of his holding another office.
